

Commercial Recycling

Recycling Solutions For Your Commercial Properties

When you need the ideal recycling solution, our commercial cardboard front-end loader services deliver the perfect results. By recycling cardboard separately, you will reduce your waste stream, saving money on your garbage service while being environmentally friendly. Collection services are available on a scheduled basis, Monday through Saturday, from 1 to 6 times per week. Containers are cleaned and deodorized with each service. Locking lids are available upon request. We can also support large accounts with compactors for cardboard.

The Florida Express Environmental Advantage

Compactors - Customizable equipment of any size or orientation to fit your safety and efficiency needs.

Front-End Load Containers - Containers provided in 2, 4, 6, and 8 Yard sizes picked up at your needed frequency weekly.

Roll-off Containers - Sizes 10, 20, 30, and 40 Yard dumpsters for your recycling needs.

Sustainability - Our #1 goal is protecting our planet and offering solutions to reduce our carbon footprint.

What Clients Are Saying

We are very happy we contracted Florida Express for our cardboard recycling. They saved us money on our trash dumpster by reducing the cardboard out of our waste stream and giving us the ability to recycle.

-Harry L
