## Confidential, On-Site Destruction For Added Peace Of Mind

In today's modern age, hacking, intellectual property theft, and compromised security pose major threats to your business — making it more essential than ever to protect your company's data! Fortunately, Florida Express Environmental is proud to partner with business leaders to craft solutions to combat this ever-present danger. By enlisting our document destruction services, you can count on: a friendly, reliable team shredding and destroying documents on location, an inspection of each job site to ensure no document flagged for destruction has been left behind, and a discreet, stress-free experience from start to finish.

## The Florida Express Environmental Advantage

- ✓ **Security** - Expect nothing less. Our professionals ensure secure services every step of the way.
- ✓ **Confidentiality** - We offer secure consoles, available in different sizes, based on your needs. We are dedicated to your privacy for your total peace of mind.
- ✓ **Certified** - We are certified at the AAA level by the National Association of Information Destruction, or NAID. Trust us for all of your on-site document destruction needs.
- ✓ **One-Time Shredding** - We offer One-Time Shredding Services for larger volumes and convenience. We come to you and shred your documents on-site.

## What Clients Are Saying

“Florida Express drivers are courteous and professional when they come to our office. They are efficient and never disrupt our office environment.”
